

# HIGH-PRO® ICE CLEAT

Model JD6625

HIGH-PRO® Ice Cleats are a compact, light industrial strength ice and snow walking device that fits easily and conveniently over all types of shoes and boots. Light in weight, HIGH-PRO® Ice Cleats are virtually inconspicuous on the user's foot. The traction comes from 26 aggressively exposed tungsten carbide studs. The tungsten carbide studs are molded in for maximum durability and allow employees to walk confidently in harsh winter conditions.

The HIGH-PRO® Ice Cleat features a patent pending dual elasticity design that helps to facilitate an easy on/off process. Reduced elasticity in the sole ensures greater abrasion resistance and overall increased durability.

## SIZING:

MODEL #	MEN'S	WOMEN'S
JD6625-S	5 - 6.5	7 - 8.5
JD6625-M	7 - 9	9 - 11
JD6625-L	9.5 - 11	11.5+
